<b>Remarks/Market Observations:</b>	<p><b>The following observations were gathered from market personnel and vendors this week:</b></p> <ol style="list-style-type: none"> <li>Abundant supplies of small - and medium-sized Local-fresh Galunggong were observed in the monitored retail markets this week. As a result, most vendors are no longer selling its imported variant. More specifically, this week, only Trabajo Market was noted to have medium-sized Imported-frozen Galunggong, while Mega-Q, Farmers and Balintawak Markets have large-sized Imported-frozen Galunggong but in limited volumes only.</li> <li>Alumahan, on the other hand, has very limited availability among the monitored retail markets.</li> <li>Stable prevailing prices and sufficient volumes remain apparent for Bangus and Tilapia amid its ample availability from major source areas and fish ports.</li> <li>Top fishery commodities in the sixteen (16) monitored retail markets are sourced mainly from the following areas: <ol style="list-style-type: none"> <li>Bangus - Bulacan</li> <li>Tilapia - Batangas</li> <li>Local Galunggong -Navotas Fish Port (Palawan) &amp; Lucena, Quezon</li> <li>Alumahan - Malabon Fish Port (Lucena, Quezon)</li> </ol> </li> <li>Low influx of buyers was still observed at the monitored retail markets this week due to the extension of Modified Enhanced Community Quarantine (MECQ) in NCR until April 30, 2021. Consequently, some of the vendors opted not to open their stalls on a daily basis, limit the volume and variety of fish supplies for selling, and offer fishery commodities at a lower price range to sell out everything by the end of the day.</li> <li>Market administrators are still ensuring the stringent implementation of precautionary measures against COVID-19 in accordance with MECQ (eg., wearing of face mask and face shields, mandatory temperature checks, and observance of physical distancing, among others) in the markets as precaution against COVID-19.</li> <li>No physical price monitoring activity was conducted at Pasay Public Market and Navotas Fish Port Markets 3-5 this week due the strict lockdown implemented by their respective LGUs. Meanwhile, in the markets monitored by BFAR CO, data gathering is done via text and call and covers only the Top 4 Commodities (Bangus, Tilapia, Local-fresh &amp; Imported-frozen Galunggong, Alumahan).</li> </ol> <p><b>Resumption of physical price monitoring activities in the monitored markets will be subject to risk assessment with the top management.</b></p>
