<b>Remarks/Market Observations:</b>	<p>The following observations were gathered during the actual price monitoring activities this week:</p> <ol style="list-style-type: none"> <li>At retail level, the bright moonlight brought by the full moon or "Pink Moon" on April 26 may have caused low volume but still sufficient supplies of fresh marine commodities in major fish ports. Consequently, majority of the medium-sized Local-fresh Galunggong were sourced from Malabon Fish Port, meanwhile supplies of the commodity from Navotas Fish Port were only sorted from tubs of mixed fresh marine commodities.</li> <li>With the ample availability of its local variant, only limited volumes of Imported-frozen Galunggong were noted in the monitored markets as vendors still prefer to sell its local variant as it is more preferred by consumers. More specifically, only larger sizes of the commodity were noted at Mega-Q, Farmers, Balintawak, and Mega-Q Markets this week.</li> <li>Similarly, for Alumahan, only larger sizes were noted this week and in selected markets only (Muñoz, Mega-Q, Kamuning and Tandang Sora Markets).</li> <li>Aquacultured commodities such as Bangus and Tilapia have sufficient supplies to cater the demand of the consumers.</li> <li>Top fishery commodities in the monitored markets were sourced mainly from the following: <ol style="list-style-type: none"> <li>Bangus - Bulacan</li> <li>Tilapia - Batangas</li> <li>Local-fresh Galunggong - Navotas and Malabon Fish Port</li> <li>Imported-frozen Galunggong - NA</li> <li>Alumahan - Lucena, Quezon</li> </ol> </li> <li>According to some vendors, "matumal na bentahan" or low demand remain apparent in the monitored markets. Consequently, most vendors are opting to not open their fish stalls on a daily basis, while others only open on weekends where higher influx of people is observed.</li> <li>Precautionary measures against COVID-19 in accordance with the Modified Enhanced Community Quarantine (MECQ) such as wearing of face masks and face shields, mandatory temperature checks, and observance of physical distancing, and regularly scheduled cleaning and disinfection are continuously observed in the monitored markets.</li> <li>Due to the recent surge of COVID-19 cases in Metro Manila, physical monitoring activity in the eleven (11) retail markets conducted by BFAR-FIDSSD is temporarily suspended beginning March 23 until further notice. Also, due to strict lockdown in the area per announcement of Pasay City Government, physical monitoring was also suspended in Pasay Public Market that is being monitored by BFAR-NCR.</li> </ol>
