Remarks/Market Observations:		<p>*There is an abundance of supply of matambaka (big-eye scad) observed in the market this week.</p> <p>*The close season for Galunggong starts this week in Northern part of Palawan that supports 92% of supply of Galunggong in Navotas Fish Port and comprises 22% of total landed catch nationwide (Per. JAO No. 01 series of 2015). As a result, it is observed that there is lesser supply of Galunggong in Navotas Fish Port this week.</p>
