		Female	55	China & Vietnam	-	55	55	55	-	China & Vietnam
Remarks/Market Observations:		<p>*As per market vendors, the supply of Bangus and local Galunggong at the Navotas Fish Port are stable this week.</p> <p>*It was observed that only few brokers/traders are selling Tilapia from Batangas. According to interviews, this might still be related to the recent fish kill incident in the Taal lake on the last week of may.</p> <p>*It was also observed that there are only few brokers/traders that sell Gulyasan (<i>Katsuwonus pelamis</i>), Tambakol (<i>Thunnus albacares</i>), Dalagang bilog (<i>Caesio sp</i>), and Tulingan (<i>Auxis rochei</i> and <i>Auxis thazard</i>) at the Navotas Fish Port.</p> <p>*Some traders/brokers were also observed to be selling their supply of small-sized Bangus at a higher price compared to medium and large-sized. Upon interview with some of the vendors, they have noted that this might be due to the higher demand for small-sized as compared to medium and large-sized.</p> <p>*It was also noted the demand of the three commodities are still low (i.e., matumal ang bentahan) which might contribute to the relatively low price of the top fishery commodities.</p>
