The following observations were gathered from market personnel and vendors this week:

- Most of the Local-fresh Galunggong and Alumahan displays observed in the monitored retail markets were from Lucena, Quezon as supplies from Palawan continue to be low amid the Closed Fishing Season (CFS) in Northeastern Palawan and Visayan Sea, which are major fishing grounds for the said commodities. In addition, the cold weather condition also contribute to the low catch as marine fishes tend to stay at the bottom of the ocean, making them harder to catch.
- Meanwhile, prices of Bangus and Tilapia were stable throughout the week as supplies continue to be sufficient to cater to the demand.
- Top fishery commodities in the 11 monitored retail markets are sourced mainly from the following areas:
 - Bangus - Bulacan
 - Tilapia - Batangas
 - Local Galunggong - Lucena, Quezon
- On Suggested Retail Price (SRP) compliance, all monitored markets were within the maximum allowable limit of the SRP for tilapia at Php132.00/kg. However, some vendors exceeded the maximum allowable limit of the SRP for bangus, imported-frozen galunggong, and alumahan as elaborated in the table below:

Commodity	Suggested Retail Price	Maximum Allowable Limit (SRP + 10%)	Actual Retail Price today	Markets with vendors selling beyond the maximum allowable limit of SRP
Bangus	Php160.00/kg	Php176.00/kg	Php180.00/kg	Trabajo, Tandang Sora, Kamuning, and Galas Markets
Imported-frozen galunggong	Php140.00/kg	Php154.00/kg	Php200.00/kg - Php240.00/kg	Trabajo, Balintawak, and Muñoz Markets
Alumahan	Php250.00/kg	Php275.00/kg	Php300.00/kg	Farmers Market
- Despite the approaching holidays, influx of people in the monitored markets remain low. Nonetheless, market administrators continue to strictly precautionary safety measures against COVID-19 such as but not limited to wearing of face masks and face shields, mandatory temperature checks, and hand disinfection.
- Some retail markets (Trabajo, Quinta, Mega-Q, Farmers, Balintawak, Munoz, and Galas) continue to have displays of Imported-Frozen Galunggong despite the commodity's unavailability at Navotas Fish Port (wholesale). A formal report to the BFAR Enforcement Group calling for verification and appropriate action on the incidence will be drafted by the Division to address the situation. #
