<p>The following observations were gathered during the actual price monitoring activities this week:</p> <ol style="list-style-type: none"> Supplies of Bangus and Tilapia continue to be sufficient in the monitored retail markets. However, Local-fresh Galunggong and Alumahan, alongside other fresh marine commodities still have limited availability as fishing operations continue to be hampered by the following: <ul style="list-style-type: none"> a. bad weather caused by two (2) LPAs in Palawan and Quezon Province on Sunday; b. Closed Fishing Season (CFS) for pelagic fishes in Northeastern Palawan and Visayan Sea, which are major fishing grounds for Galunggong and Alumahan; and c. Gold weather condition, which drives marine commodities to the bottom of the ocean, making them harder to catch. Major source areas of the top fishery commodities are as follows: <ul style="list-style-type: none"> a. Bangus - Bulacan b. Tilapia - Batangas c. Imported-frozen Galunggong - Navotas Fish Port d. Alumahan - Navotas Fish Port Minimal number of buyers continue to be observed in most markets despite the holiday season as consumers continue to take precaution against the virus. Nonetheless, precautionary safety measures against COVID-19 are continuously being observed by consumers and vendors in the monitored retail markets. In reference to DA Administrative Circular No. 17 signed November 26, Suggested Retail Prices (SRP) for bangus, tilapia, imported galunggong and alumahan are Php160.00/kg, Php120.00/kg, Php140.00/kg, and Php250.00/kg, respectively. Relative to this, the following monitored markets have vendors exceeding the maximum allowable limit: <ul style="list-style-type: none"> a. Tilapia - Kamuning, Tandang Sora Markets b. Bangus - Trabajo, Tandang Sora, Kamuning, and Galas Markets c. Imported-frozen Galunggong - Trabajo, Quinta, Mega-Q, Farmers, Balintawak, Munoz Markets d. Alumahan - Trabajo Market
