Remarks/Market Observations:

The DA, through DA Administrative Circular No. 01, has issued Suggested Retail Prices (SRP) for for selected fishery commodities effective 24 February 2020:

1. Cage-Cultured Bangus: Php162.00/Kg
2. Pond-cultured Tilapia: Php120.00/Kg
3. Imported Galunggong: Php130.00/Kg

The following observations were gathered during the actual price monitoring activities this week (March 16-20, 2020):

- There is sufficient supply of fishery commodities due to the availability from major sources such as Navotas and Malabon Markets.
- There is still a large volume of Galunggong (*Decapterus spp.*) in the monitored markets wherein majority are small to medium in size.
- Bangus and Tilapia supply in the monitored wet markets are affected by the implementation of various safety measures (i.e., checkpoints) upon entry of fish supply in Metro Manila as part of the implementation of the Enhanced Community Quarantine. This caused a Php5.00/kg-10.00/kg increase in the price of some commodities.
- Brgy. Tandang Sora, where Tandang Sora Market is located, was placed under "Extreme Community Quarantine" effective March 19, 2020 due to the three (3) positive cases of COVID-19 in the area. Despite this, Tandang Sora Market continues to be in full operation with sufficient supply of fishery commodities.
- The supply of imported Galunggong in some monitored retail markets continue to be sufficient. Its prevailing retail price, however, remain higher than Php143.00/kg—which is the maximum allowable limit of the set SRP.
- Some vendors are unable to follow the set SRP due to the high wholesale price from their respective suppliers. In addition, some vendors from Kamuning, Galas, Muñoz, and Tandang Sora are sourcing their supply from nearby retail markets (e.g. Farmers), which brought another layer of price mark-up.
- Generally, the number of buyers remain at the monitored markets (except Balintawak Market as it is a "bagsakan" type of market) is very low as a result of the Enhanced Community Quarantine (ECQ) in Luzon brought about by the COVID-19 outbreak. However, more buyers are observed at the market during morning as compared in the afternoon.
- Farmers, Mega-Q, Kamuning, and Trabajo Markets have shifted their opening hours due to the Enhanced Community Quarantine. More specifically the operating hours starting tomorrow are: Farmers Market from 5AM-6PM to 1AM-10PM; Mega-Q from 3AM-10PM to 5AM-8PM; Kamuning from 2AM-8PM to 6AM-7PM; and Trabajo from 4:30AM-9PM to 4:30AM-8PM.
- The low demand from the buying public due to the crisis situation and mass suspension of transportation caused some vendors to: (a) not open their fish stalls; (b) sell out their remaining fishery commodities from the previous day with a lower price; (c) reduce the volume of fishery commodities for selling; or (d) offer a lower selling price for commodities.
- The Bureau is continuously monitoring the markets to assess the possible impacts of the COVID-19 situation in both the supply and demand of fishery commodities.
