| Remarks/Market Observations: | <p>The following observations were gathered during this week's actual price monitoring activities:</p> <ol style="list-style-type: none"> Adequate displays of Bangus, Tilapia, and Local Galunggong were observed in the monitored markets. Imported Galunggong was available only at the Farmers and Mega-Q Markets. Dominant source areas of the top fishery commodities for this week are as follows: <ul style="list-style-type: none"> Commodity: Retail (10 Retail Markets) Bangus: Batangas, Pampanga Tilapia: Local Galunggong Local Galunggong: Navotas Fish Port Low influx of buyers or "matumal na bentahan" is still apparent in the monitored markets due to the following reasons: <ul style="list-style-type: none"> (a) vendors and consumers' preventive measures; (b) consumer's lack of financial resources. Some vulnerable vendors; and (c) resumption of work in most industries. All monitored markets continue to implement respective policies and safety measures (e.g. ensure social distancing). However, in Quinta and Commonwealth, all restrictions and measures relative to COVID-19 are not strictly being implemented. All markets are compliant to the Suggested Retail Prices of Bangus at Php162.00/kg and Tilapia at Php120.00/kg. For local galunggong, only Kamuning, Galas and Commonwealth Markets are observing the SRP of Php130.00/kg. | | | | | | | | | | | | | | | | | | | | | | | | | | | | | | | | | | | | | | | | | | | | | | | | | | | | | | |
