Remarks/Market Observations:

The following observations were gathered during this week's price monitoring activities:

1. Ample supplies of medium-sized Bangus and Tilapia were noted in the monitored retail except at Trabajo Market where only large variant from Pangasinan were available.
2. On July 7, Local Galunggong are lesser in supplies as a consequence of the lean fishing season (rainy and monsoon season) and the occurrence of full moon or "buck moon" on July 5.
3. Imported galunggong displays were observed only at Farmers and Mega-Q Markets.
4. Following are the dominant source areas of the top fishery commodities:

Commodity	Retail (10 monitored markets)
Bangus	Bulacan
Tilapia	Batangas
Local Galunggong	Lucena, Quezon, Navotas Fish Port, Malabon Fish Port

5. Majority of the vendors at Farmers and Mega-Q Markets source their supplies of local galunggong from Batangas and Lucena as the available supplies at Navotas and Malabon Fish Ports are low in quality (in terms of freshness). Vendors from Farmers Market are sourcing their local galunggong from Lucena, where supplies are sold at a higher price due to its better quality (in terms of freshness) and additional logistic costs.
6. Low demand for fishery commodities continues to be apparent in all the monitored markets, especially in Muñoz Market, resulting to lesser vendors selling at the monitored markets to avoid losses and spoilage of supplies. Some opted to sell limited volumes of fish in order to sell out all supplies According to the vendors, this may be attributed to consumers taking precaution or having limited financial resources amid the COVID-19 pandemic.
7. Proper price tagging on fishery commodities were not observed by vendors at Quinta Kamuning, and Muñoz markets.
8. Monitored markets are implementing the same precautionary measures (i.e., wearing of face masks, observing social distancing) to protect consumers and vendors and avoid the further spread of COVID-19.
9. The effectivity of the Suggested Retail Prices (SRP) of the top fishery commodities (bangus, tilapia, and local & imported galunggong) has expired on 15 July 2020 pursuant to RA 7581 (Price Act), as amended by RA 10623 and its Implementing Rules and Regulations (DA-AO No. 7 S. 2015), as amended by DA-AO No. 7 S. 2016. A recommendation for the revised SRP of the foregoing commodities has been submitted by the Bureau to the Department of Agriculture on 23 June 2020.
