Remarks/Market Observations:

*Majority of the source area of the top 3 commodities came from;
1. Bangus = Laguna , Bulacan, Rizal, Pampanga, Batangas and Pangasinan
2. Tilapia =Batangas, Bulacan and Pampanga
3. Galunggong =Navotas, Malabon, Quezon Province

*The closed season for Galunggong was implemented last Month (November 2018) in Northern part of Palawan that supports 92% of supply of Galunggong in Navotas Fish Port and comprises 22% of total landed catch nationwide (Per. JAO No. 01 series of 2015).
*It was observed this month that the supply of some marine fish is lesser compared last September and October 2018 specially Galunggong due to lesser unloading of some fish vessels in the port and also because of the cold weather that makes the fish go to the bottom of the sea that result to lesser catch.
*The prevailing price of medium-sized Bangus and Tilapia remained stable from second week of November up to third week of December at the of price of 160.00 php for Bangus and 95-100 php for Tilapia, but on the last week of December majority of the fish commodities including Bangus, Tilapia and Galunggong increased its price due to the holiday season.
*The Price Monitoring Team decided to change Obrero to Quinta Market due to a seen decline in the number of fish vendors.
