| Remarks/Market Observations: | <p>*Majority of the source areas of the top 3 commodities came from;</p> <ol style="list-style-type: none"> 1. Bangus = Laguna , Bulacan, Rizal, Pampanga, Batangas and Pangasinan 2. Tilapia =Batangas, Bulacan and Pampanga 3. Galunggong =Navotas, Malabon, Quezon Province <p>*The price of marine fish is relatively high at this time due the limited supply that may be attributed to the cold weather for which the catch is usually low and difficult because fish tend to stay at the bottom o the ocean.</p> <p>*Despite the fish kill incident on the Taal Lake for Bangus and Tilapia on the last week of this month, the fishing ban for Galunggong in Northern part of Palawan, and the cold weather, the prevailing price of medium-sized Bangus, Tilapia and GG remained at 160php, 100php and 160php, respectively.</p> <p>*DA-BFAR has lifted the closed season for Galunggong in Northeastern Palawan, with resumption of commercial fishing activities starting Feb. 1, 2019. (Source: Press Release by BFAR RFO-48, dated 31 Jan. 2019)</p> <p>*Relative to BFAR's public statement that some areas in the Philippines are found positive from paralytic shellfish poison that is beyond regular limit (Shellfish Bulletin No. 1, S. 2019), it was noted by some vendors that the price of tahong in the market was not directly affected.</p> <p>*The Price Monitoring Team decided to change Obrero to Quinta Market due to a seen decline in the number of fish vendors.</p> | | | | | | | | | | | | | | | | | |
