<b>Remarks/Market Observations:</b>																						
<b>CAR</b>																						
<p><b>Week 1( Aug. 1-3)</b> There are limited fishery commodities sold in Abra and Ifugao.</p> <p><b>Week 2-5 ( Aug. 4-31)</b> No significant change in the prices. There is limited number of species found in the province of Abra and Ifugao.</p>																						
<b>R1</b>																						
<p><b>Week 1( Aug. 1-3)</b> There are no fishery commodities in some localities due to the low pressure.</p> <p><b>Week 2 ( Aug. 4-10)</b> There are limited fishery commodities in some localities due to the low pressure. Some of the commodities in Vigan are chilled and sourced from other provinces and regions.</p> <p><b>Week 3 ( Aug. 11-17)</b> The prices of some fishery commodities in the San Fernando City Public Market increased due to the high demand from Dagupan City.</p> <p><b>Week 4 ( Aug. 18-24)</b> The price of fishery commodities in Vigan Public Market remained the same from previous monitoring. Most commodities are chilled and are sourced from other areas.</p> <p><b>Week 5 ( Aug. 25-31)</b> There is no supply of fishery commodities in some markets including the Laoag City Public Market due to Typhoon Ineng and the <i>Habagat</i>.</p>																						
<b>R2</b>																						
No observation																						
<b>R3</b>																						
<p><b>Week 2-4 ( Aug. 4-24)</b> There is a low supply of fishery commodities due to lower volume of catch brought about by the <i>Habagat</i>. Prices of some fishery commodities depend upon the sizes and consignment basis.</p>																						
<b>R4A</b>																						
<p><b>Week 1( Aug. 1-3)</b> Prices of some marine fishes increased due to the bad weather condition brought about by Typhoon Egay</p> <p><b>Week 2 ( Aug. 4-10)</b> <i>Sardinella lemuru</i> in Lemery Public Market, Angono Public Market and Lucena City Public Market are being sold at a low price because of the small sizes and high volume of catch.</p> <p><b>Week 3-4 ( Aug. 11-24)</b> Prices of some commodities remained the same from last week.</p> <p><b>Week 5 ( Aug. 26-31)</b> <i>Sardinella lemuru</i> in Lemery Public Market, Angono Public Market and Lucena City Public Market are being sold at a low price because of the small sizes and high volume of catch.</p>																						
<b>R4B</b>																						
<p><b>Week 2-3 ( Aug. 4-17)</b> Prices of some fishery commodities increased due to the <i>Habagat</i> and low supply in some provinces</p>																						
<b>R5</b>																						
No observation																						
<b>R6</b>																						
No observation																						
<b>R7</b>																						
<p><b>Week 3 ( Aug. 11-17)</b> Prices of fishery commodities are in the regular price range.</p> <p><b>Week 4 ( Aug. 18-24)</b> Prices of some fishery commodities increased from last week due to the tropical depression and the prevailing winds from the southwest monsoon (<i>Habagat</i>).</p>
