6. <i>Epinephelus sp.</i>	Grouper	Lapu-lapu	-	-	-	NS	-	-	-	NA
<i>Epinephelus sp.</i>	Grouper (Red)	Lapu-lapu pula	-	-	-	NS	-	-	-	NA
Remarks/Market Observations:		<p>*Majority of the source area of the top 3 commodities came from; 1. Bangus = Laguna , Bulacan, Rizal, Pampanga and Pangasinan 2. Tilapia =Batangas 3. Galunggong =Manila bay, due to close season in Palawan</p> <p>*The close season for Galunggong starts this Month in Northern part of Palawan that supports 92% of supply of Galunggong in Navotas Fish Port and comprises 22% of total landed catch nationwide (Per. JAO No. 01 series of 2015). *It is observed this month that the supply of some marine fish is lesser compared last September and October 2018 specially Galunggong due to lesser unloading of some fish vessels in the port. *The prevailing price of medium size bangus and tilapia for this month remained stable at the range of 90 to 140 for bangus and 75 for tilapia, on the other hand it seems that there is an increasing trend for the prevailing price of medium size galunggong due to existence of fullmoon in fourth week of the month and the implementation of close season for galunggong that affects the supply and the price in the market.</p>
