<p>The following observations were gathered from market personnel and vendors this week:</p> <ol style="list-style-type: none"> 1. Still, "matumal na bentahan" were noted this week in the monitored retail markets, which might be influenced by the on-going implementation of Enhance Community Quarantine (EQQ) in Metro Manila. Relative to this, limited displays of freshmarine commodities were observed this week, wherein vendors opted to sell minimal volumes of fishery commodities to ensure that stocks are sold out at the end of the day. In connection, prevailing prices of medium sized local-fresh galunggong and alumahan were recorded at Php200.00/kg and Php300.00/kg, respectively. 2.
