**SUPPLEMENTAL BID BULLETIN 02**

September 6, 2021

**SUBJECT : Bid Reference 2021-17-A entitled "Supply and installation of Fuel and Oil Purifier onboard M/V DA-BFAR."**

This Supplemental Bid Bulletin no. 2 is issued to all participating bidders to clarify, amend and/or modify certain provisions and requirements set forth under the above-entitled procurement project:

- Clarification letter from Bidder/Supplier

From St. Christ International Trading dated August 23, 2021	End-user's reply dated September 3, 2021																												
<p>1 .) Please confirm if the requirements is One Complete Separator unit for Fuel (MGO/MDO) and One Complete Separator unit for Lubricating Oil</p> <p>2.) For Lubricating Oil Purification it requires the Lub Oil to be heated to a temperature around 90- 95 degC before inlet to Separator. May we know if the vessel (M/V DA-BFAR) have Steam system onboard.</p> <p>3.) Request to extend the delivery period from thirty (30) calendar days to sixty (60) calendar days.</p> <p>4.) We would also like to request that instead of Certificate of original/genuine parts from the manufacturer we will submit an Affidavit of Undertaking that the parts to be delivered are Genuine and Original Equipment Manufacturer (OEM) Parts. (See attached sample).</p> <p>5.) Kindly confirm the below subject points:</p>	<p>1. The requirement is only 1-unit with complete assembly which includes bowl, motor/pump, plates/discs.</p> <p>2. For your concern regarding steam system, yes, the vessel has an existing electric heater intended for oil purifier separator.</p> <p>3. As per your request, we understand that the unit is imported from abroad, therefore we would grant your delivery extension request up to 90 Calendar Days.</p> <p>4. For your fourth query, we highly require the qualified bidder to submit Certificate of Genuine or Original Equipment Manufacturer (OEM) or Alfa Laval Certificate of original parts.</p> <p>5. Confirmation on subject points:</p>

Type of Vessel	(Please advise)																												
Oil Type	HFO / MGO / MDO / LO (Please specify cst, if HFO)																												
Flow rate (l/hr)	(Please advise)																												
Engine Make and Model	Not required if flow rate is provided																												
No. of Purifiers Required	(Please advise)																												
Main Supply Frequency	50Hz / 60Hz (Please advise)																												
Type of Vessel	Research and Oceanographic Vessel																												
Oil Type	Lube Oil, Viscosity, 13 cst/40°C separation																												
Fuel Type	ADO, Viscosity, 1.5 -5.5 cst/20-40°C separation																												
Flow Rate	700 L/H																												
Purifier Make/Model	Alfa Laval (MAB-103B-24)																												
No. of Purifier	Only One (1)																												
Main Supply Frequency	440 VAC, 60Hz, 3Phase																												
Heating Source Available	Electric																												

Single Phase Main Supply Voltage (V)	(Please advise)	
3 Phase Main Supply Voltage (V)	(Please advise)	
Heating Source Available	Steam / Electric / Thermal Oil	

- Section VI - Schedule of Requirements

FROM	TO
Within Thirty (30) calendar days upon receipt of the Notice to Proceed.	Within <b>Ninety (90)</b> calendar days upon receipt of the Notice to Proceed.

- Section VII – Technical Specifications
