**Logistical Requirements**

The bidder shall provide logistical supplies such as:

- Manuals on the Brand New Diesel Marine Generator Set shall be also supplied.
- An all-risk insurance shall be provided by the supplier on the Brand New Diesel Marine Generator during dismantling, delivery, installation, and testing/trial of the marine generator set, until the units are already officially accepted by the end-users.
- Brand New Diesel Generator Set purchased, installed and all works performed under this contract are to be inspected/tested by Technical Staff/Consultant during the sea trial, to verify proof of performance with specification requirements. All tests and trial expenses shall be on the account of the builders.

**The inspection system shall include the following:**

- **Receiving Inspection** - to verify and confirm compliance of engines and spare parts to the desired quality and specification prior to acceptance. This will be referred to manufacturer’s brochures or any materials specifications.
- **Machinery Inspection and Test** - to verify and confirm compliance of engines in accordance to the manufacturer’s brochures. Vibration test shall be conducted by using vibration analyzer.
- **Electrical Inspection and Test** - to verify and confirm compliance of the engines to quality standards.
- **Electronic Inspection and Test** - to verify and confirm compliance engines to quality standard and desired performance according to manufacturer’s document.
