ANNEX TO NOTICE OF AWARD

SUMMARY OF LOTS TO BE AWARDED TO: **ALL CERTIFIED EQUIPMENT TRADING CORPORATION**

BID REFERENCE NO.: **2022 - 08**

"SUPPLY, DELIVERY AND INSTALLATION OF DIESEL MARINE GENERATOR SET WITH FAST MOVING PARTS FOR DA – BFAR MCS 3007 PATROL VESSEL"

Approved Budget for the Contract (ABC): PhP 6,400,000.00

Contract Price: PhP 6,397,000.00

Specification

No.	Item Description	Qty.
1	<p>Port and Starboard Side Brand New Diesel Marine Generator Set (Rated Power 54kW/72.4HP minimum, 3Phase, 220V, 60Hz, and 1800RPM)</p> <p>Inclusive:</p> <ol style="list-style-type: none">1. Delivery to Sangley Point, Cavite including dismantling of existing defective generator set2. Installation & Retapping of all existing wires, fuel lines & water pipping.3. Testing, Commissioning, & Training simultaneously.4. Supply the following Fast Moving Parts:<ul style="list-style-type: none">• 8 pcs – Fuel Filters• 4 pcs – Air Filters• 4 pcs – Impellers• 4 pcs – Sensors• 2 pcs – Starters• 2 pcs – Alternators• 2 pcs – Jacket Water Pumps• 2 pcs – Sea Water Pumps	2 Units

Logistical Requirements

The bidder shall provide logistical supplies such as:

- Manuals on the Brand New Diesel Marine Generator Set shall be also supplied.
- An all-risk insurance shall be provided by the supplier on the Brand New Diesel Marine Generator during dismantling, delivery, installation, and testing/trial of the marine generator set, until the units are already officially accepted by the end-users.
- Brand New Diesel Generator Set purchased, installed and all works performed under this contract are to be inspected/tested by Technical Staff/Consultant during the sea trial, to verify proof of performance with specification requirements. All tests and trial expenses shall be on the account of the builders.

The inspection system shall include the following:

- **Receiving Inspection** – to verify and confirm compliance of engines and spare parts to the desired quality and specification prior to acceptance. This will be referred to manufacturer's brochures or any materials specifications.
- **Machinery Inspection and Test** – to verify and confirm compliance of engines in accordance to the manufacturer's brochures. Vibration test shall be conducted by using vibration analyzer.
- **Electrical Inspection and Test** – to verify and confirm compliance of the engines to quality standards.
- **Electronic Inspection and Test** – to verify and confirm compliance engines to quality standard and desired performance according to manufacturer's document.
- **During Post Qualification Evaluation** – A valid certification from the **Product Manufacturer** that the bidder is an **Authorized Distributor/Dealer** of the product offered and Certification that the product to be supplied is original.

After Sales Service/Warranty Period – Minimum of One (1) year warranty on the Brand New Diesel Marine Generator Set and Fast Moving Parts delivery.

Schedule of delivery: Within Thirty (30) calendar days upon receipt of the Notice to Proceed.

Place of delivery: Sangley Point, Cavite City, Cavite.

TERMS OF REFERENCE

SUPPLY, DELIVERY, AND INSTALLATION OF BRAND NEW DIESEL MARINE GENERATOR SET (RATED AT 54KW/72.4HP, 3PHASE, 220V, 60HZ, 1800RPM) WITH FAST MOVING PARTS FOR DA - BFAR MCS 3007 PATROL VESSEL

I. INTRODUCTION

The Bureau of Fisheries and Aquatic Resources (BFAR) under the Department of Agriculture is mandated for the protection, conservation and proper management of the Philippines marine resources. A monitoring Control and Surveillance Program have been implemented by BFAR in order to properly monitor and secure these resources. To further intensify the MCS implementation and its components, BFAR have recently amended the Republic Act 8550 through the passage of RA 10654 – "An Act to Prevent, Deter and Eliminate Illegal, Unreported and Unregulated Fishing, Amending RA8550".

The Department of Agriculture – Bureau of Fisheries and Aquatic Resources is mandated by manage, conserve, develop and protect the country's fisheries and aquatic resources. The monitoring, Control and Surveillance (MCS) System is one of the major program thrusts of the BFAR to ensure that the Fisheries and Aquatic Resources are judicially utilized, conserved, protected and managed on a sustainable manner for benefit and enjoyment exclusively for the Filipino people.

The DA-BFAR is maintaining and operating MCS Patrol Vessels, M/V DA-BFAR, F/V Tambakol and Multi Mission Offshore Vessels to conduct MCS activities in order to combat all forms of illegal fishing within the Philippine Territorial water while M/V DA-BFAR is conducting Fisheries Exploratory, Oceanography and Assessment Survey of the Philippine waters and F/V Tambakol exploring within municipal water.

In order to operate and maintain the aforementioned floating assets of the BFAR, there is a need to procure Digital Oil Precision Tester to detect the condition of the oil of the engine if it has contaminants and whether it is still of good quality or if it should be replaced; and for the operation and maintenance of the generator sets to protect and safeguard the electronic, refrigeration/air conditioning units and other laboratory equipment onboard.

II. OBJECTIVES

- To maintain the A1 condition of the vessels.
- To sustain the wide range regulatory functions and uses of various Fishing Management tools to implement its land and sea components.
- For the operation and maintenance of the Patrol Vessels generator sets and parts to protect and safeguard the electronic parts, refrigeration/air conditioning units, hydraulics, and equipment onboard.
