

Dingalan's Clean and Abundant Sea Yields **High Tuna Catch**

The COVID-19 pandemic did not stop fishermen of Dingalan, Aurora from fishing in their clean and abundant sea. Last year, the town yielded a total of **220.249 MT** of tuna for the months of May to July 2020. Dubbed as **Philippine's next Tuna Capital**, the town is strategically situated near the Philippine Rise, a spawning area of several tuna species in the Western and Central Pacific.
