Remarks/Market Observations:	<p>The following observations were gathered from market personnel and vendors this week:</p> <ol style="list-style-type: none"> Adequate supply of fresh marine commodities were observed in the monitored retail markets this week. Among the fishery commodities were dalagang bukid, batalay,tulingan, bisugo, lapu-lapu, balsa, maya-maya, galunggong, tamban, tunsoy, and others. More specifically, sufficient display of local-fresh galunggong lalaki (<i>Decapterus macrostoma</i>) was noted this week mainly sourced from Navotas Fish Port. Nevertheless, low demand for fishery commodities were observed this week among the monitored retail markets. Meanwhile, only two (2) markets (i.e., Mega-Q and Galas) have recorded medium-sized imported-frozen galunggong lalaki this week as the supply of local variant remained adequate among the monitored markets. Limited availability of medium-sized alumahan (<i>Rastrelliger kanagurta</i>) was also observed this week since majority of the supply noted was large size. On the other hand, supply of another variant i.e., Hasa-hasa (<i>Rastrelliger brachysoma</i>) was also present this week sourced from Farmers Market, Lucena, Quezon, Navotas Fish Port, and Malabon Fish Port. Steady prevailing price was also recorded for medium-sized bangus this week. This might be due to the stable demand and supply of the commodity among the monitored markets. On the other hand, large size of the commodity was noted at Tandang Sora Market as vendors prefer selling larger sizes due to better demand in the said market. For tilapia, there remains to have Php10.00-20.00/kg difference between the supply from Pampanga and Batangas as consumers and buyer's prefer tilapia from Batangas due to better quality (in terms of taste) which command higher prices. Moreover, steady prevailing price was recorded this week as the supply of the commodity remain sufficient among the monitored retail markets. Top fishery commodities in the eighteen (18) monitored retail markets are sourced mainly from the following areas: <ol style="list-style-type: none"> Bangus - Dagupan Tilapia - Batangas Local Galunggong - Navotas Fish Port Alumahan - Farmers, Malabon and Navotas Fish Port Precautionary measures against COVID-19 (i.e., mandatory wearing of face masks and face shields, mandatory temperature checks, and regularly scheduled cleaning and disinfection) are continuously implemented among monitored retail markets. precaution against COVID-19, safety measures (i.e., mandatory wearing of face masks and face shields, mandatory temperature checks, and regularly scheduled cleaning and disinfection) are continuously implemented among monitored markets.
