Remarks/Market Observations:	<p><b>The following observations were gathered from market personnel and vendors this week:</b></p> <ol style="list-style-type: none"> <li>Generally, limited displays of fresh marine commodities were observed among the monitored retail markets this week. This might be attributed to the hampered fishing operation brought by the Super Typhoon "Karding" and Tropical Storm "Luis". Meanwhile, the Low Pressure Area (LPA) in the East of Guiuan, Eastern Samar were also noted this week affecting Eastern Visayas, Caraga, and Bohol. Consequently, minimal availability of local-fresh galunggong lakali (<i>Decapterus macrosoma</i>) was recorded this week sourced mainly from Navotas Fish Port.</li> <li>On the contrary, adequate supplies of imported-frozen galunggong lakali (<i>Decapterus macrosoma</i>) were observed at the monitored retail markets this week sourced mainly from Navotas Fish Port (NFP). Available supply of other imported-fishery commodities such as galunggong babae (<i>Decapterus russelli</i>), hiwas (<i>Mene maculata</i>), tulingan bilog (<i>Auxis rochei</i>), matambaka (<i>Selar</i> sp.), and japyayuki (<i>Scomber japonicus</i>) were also noted this week.</li> <li>Similarly, limited supply of medium-sized alumahan was recorded this week among the monitored retail market. On the other hand, displays of other variant (i.e., Hasa-hasa) was still observed this week sourced from Farmers, Navotas and Malabon Fish Port.</li> <li>Meanwhile, no major changes were recorded in the retail prices of medium-sized bangus and tilapia this week. According to vendors, there was a minimal increased in the prices of bangus and tilapia at wholesale level this week. However, due to the continues low demand for fishery commodities in the markets, vendors tend to retain their price to ensure all stocks will be sold-out by the end of the day.</li> <li>Top fishery commodities in the eighteen (18) monitored retail markets are sourced mainly from the following areas: <ol style="list-style-type: none"> <li>Bangus - Bulacan</li> <li>Tilapia - Batangas</li> <li>Local Galunggong -Malabon and Navotas Fish Port</li> <li>Alumahan - Malabon Fish Port</li> </ol> </li> <li>Low influx of buyers continues to be evident this week among monitored retail market. Alongside display of fresh marine commodities were observed lower in quality in terms of freshness as majority are leftovers from the previous market days.</li> <li>Market administrators continue to strictly implement precautionary safety measures in the monitored markets to ensure the consumers and vendors safety and avoid the further spread of highly infectious COVID-19 OMICRON variant in accordance with the General Community Quarantine-Alert Level 1 guidelines. Among these measures are the mandatory wearing of face masks, social distancing and regular schedule of cleaning and disinfection in the markets, and among others.</li> </ol>
