Remarks/Market Observations:	<p>The following observations were gathered from market personnel and vendors this week:</p> <ol style="list-style-type: none"> Generally, minimal display of fresh marine commodities were observed among the monitored retail markets this week. Consequently, minimal availability of medium-sized local-fresh galunggong lalaki (<i>Decapterus macrosoma</i>) was noted with recorded prevailing price of Php280.00/kg sourced from Malabon Fish Port (MFP), Navotas Fish Port (NFP), and Lucena (Quezon). Due to the minimal availability of local galunggong lalaki, supplies of medium-sized imported-frozen galunggong lalaki was observed at the monitored retail markets mainly derived from NFP. Moreover, other imported fishery commodities present at the retail markets includes galunggong babae (<i>Decapterus russelli</i>), pampano (<i>Trachinotus blochii</i>), salmon (<i>Salmo salar</i>), hiwas (<i>Mene maculata</i>), and pusit kalawang (<i>Todarodes</i> sp.). For medium-sized alumahan, supplies continued to be minimal at the monitored retail markets this week. Nevertheless, majority of the supplies available were large-sized chiefly derived from MFP. Further, availability of hasa-hasa (<i>Rastrelliger brachysoma</i>) was also noted. For medium-sized bangus, the recorded retail price of the commodity changed from Php160.00/kg last week to Php140.00/kg and Php180.00/kg this week. Difference in the recorded prices may be due to the varying source area and quality (in terms of sizes) of the commodity. Lastly, for medium-sized tilapia, the recorded price of the commodity was steady at Php120.00/kg this week. This could be due to the steady supply and demand at the monitored retail markets. Top fishery commodities in the eighteen (18) monitored retail markets are sourced mainly from the following areas: <ol style="list-style-type: none"> Bangus - Bulacan Tilapia - Batangas Local Galunggong - Malabon Fish Port Imported-Frozen Galunggong- Navotas Fish Port Alumahan - Malabon Fish Port Market administrators continue to strictly implement precautionary safety measures in the monitored markets to ensure the consumers and vendors safety and avoid the further spread of highly infectious COVID-19 OMICRON variant in accordance with the General Community Quarantine- Alert Level 1 guidelines. Among these measures are the mandatory wearing of face masks, social distancing and regular schedule of cleaning and disinfection in the markets, and among others. <p>General Observations:</p> <p>Fluctuation in the prices of the top fifteen (15) and other commodities is influenced by a number of factors such as the commodity's size, quality, volume of supply, source area, as well as the weather condition and other natural phenomena.</p> <ol style="list-style-type: none"> <i>Thunnus albacares</i> or Tambakol (Head) - (Php120.00-260.00/kg) - lowest prevailing price of Php120.00/kg was recorded in Marikina market, wherein the supply observed was leftover from the previous market days hence offer relatively lower as compared to the highest recorded price of Php260.00/kg noted in Pasig market which supplies was observed to have better quality, hence offer in a higher price. <i>Acetes</i> spp. or Alamang - (Php60.00 - 160.00/kg) - Similarly, lowest prevailing price of Php60.00/kg was noted in two primary markets (i.e., Malabon Central and Navotas Fish Port, which supplies are sourced directly from wholesale markets and noted to be lower quality (in terms of freshness). In contrary, supplies noted in Marikina and Guadalupe markets was noted to have better quality, hence offer in a higher price. 																																	
<p>(-) - Price and Volume not available during price monitoring (*) - Actual Price - price data collected did not reach the minimum requirement of three (3) samples per commodity per market. This could be due to limited volumes or no available supplies at the time of monitoring. NA - Source Area not available during price monitoring</p> <p>Markets 1-10 (Trabajo to Galas) - Monitored by BFAR-FIDSSD (CO) Enumerators Markets 11-16 (Malabon Central to Ugong Valenzuela) - Monitored by BFAR-NCR Enumerators</p> <table style="width:100%; border:none;"> <tr> <td style="width:50%; vertical-align:top;"> <p>MONITORED BY:</p> <table style="width:100%; border:none;"> <tr> <td style="text-align:center;">SGD DAVE P.
