		Female	**105	-	-	105	110	105 & 110	110	105	China

Remarks/Market Observations:

The following observations were gathered from market personnel and vendors for the month of May:

- Lesser volume of fresh marine commodities were reported this month. This may be attributed to the following reasons:
 - occurrence of bright moon which affects the fishing activity of the fishermen, wherein fishes tend to go deeper making them hard to catch.
 - presence of Low-Pressure Area (LPA) in the eastern part of Davao City.
 - inclement weather condition brought about by the effect of Typhoon "Betty".
- Nonetheless, fresh marine commodities like talakitok, espada, dalagang bilog, lapad, tulingang bilog, labahita, tanigue, sapsap, maya-maya, lapung itim, tawilis, tamban, tambakol, gulyasan, pompano itim, salay batang, pusit bisaya, pusit haba, banak, pugita, and others continue to be available at the Navotas Fish Port (wholesale). Available supplies of local-fresh galunggong lalaki (*Decapterus macrosoma*) were also observed at the fish port this month sourced from Northern Palawan, Zambales, and Quezon.
- Meanwhile, unloadings of imported-frozen galunggong lalaki was still noted at the Navotas Fish Port throughout the month.
- Sufficient unloading of aquaculture commodities (i.e., bangus and tilapia) were also recorded. In fact, price of medium size bangus were stable at Php130.00/kg and Php95.00 & 100.00/kg for tilapia, respectively.
- Top fishery commodities at Navotas Fish Port (wholesale) are sourced mainly from the following areas:
 - Bangus - Bulacan, Pangasinan
 - Tilapia - Batangas, Pampanga
 - Local-fresh galunggong - Northern Palawan, Zambales, Quezon Province
 - Imported-frozen galunggong - China

(-) - Price and Volume not available during price monitoring

(**) - Actual Wholesale - price data collected did not reach the minimum requirement of three (3) samples per commodity per market. This could be due to limited volumes or no available supplies at the time of monitoring

NA - Source Area not available during price monitoring

Note: No price monitoring data was recorded during the 3rd week of the month due to the conduct of National Training of Trainers on Community organizing
