Remarks/Market Observations:	<p>The following observations were gathered from market personnel and vendors this week:</p> <ol style="list-style-type: none"> Overall, minimal supply of fresh marine commodities were recorded among the monitored retail markets this week. This might be due to the hampered fishing operations brought by the Tropical Depression "DODONG" which was noted in the vicinity of Dinapigue, Isabela (16.7°N, 122.3°E) on 14 July 2023. Relative to this, some fish stalls were close in selected wet markets this week which might be due to limited availability of marine commodities from the source areas (i.e., Malabon Fish Port, Navotas Fish Port, Mindoro). Meanwhile, other fish vendors are limiting the volume of purchased as wholesale price of the fishery commodities were reportedly increase this week. Moreover, low demand in the monitored retail markets was noted. As a result, fish vendors are forced to offer their commodities at a cheaper price to ensure all stocks will be sold by the end of the day. Nonetheless, supply of local-fresh galunggong lalaki (<i>Decapterus macrosoma</i>) was still recorded in all of the monitored markets this week sourced mainly from Navotas Fish Port. On the other hand, supply of medium-sized imported- frozen galunggong was observed in selected wet markets (i.e., Galas, Guadalupe, and Polo) derived from Navotas, Malabon, and Obando. Presence of the commodity might be due to its cheaper wholesale price as compared to its local variant. Similarly, limited display of medium-sized alumahan (<i>Rastrelliger kanagurta</i>) was observed in the monitored retail markets this week. Available supply of other variant (i.e., hasa-hasa) was also recorded. For bangus, adequate supplies were still noted throughout the week. For tilapia, supplies remained steady and ample for the consuming public. Supplies were chiefly obtained from Batangas. Top fishery commodities in the eighteen (18) monitored retail markets are sourced mainly from the following areas: <ul style="list-style-type: none"> a. Bangus - Bulacan b. Tilapia - Batangas c.
