<b>Remarks/Market Observations</b>			<p><b>The following observations were gathered from market personnel and vendors this week:</b></p> <ol style="list-style-type: none"> <li>Supplies of marine fishery commodities were adequate among monitored retail markets this week. Commodities recorded were dalagang bukid (<i>Caesio cuning</i>), talakitok (<i>Caranx</i> sp.), labahita (<i>Acanthurus</i> sp.), sapsap (<i>Leiognathus</i> sp.), moonfish (<i>Mene maculata</i>), bisugo (<i>Nemipterus</i> sp.), matangbaka (<i>Selar crumenophthalmus</i>) and others.</li> <li>Consequently, for local-fresh galunggong lalaki (<i>Decapterus macrosoma</i>), sufficient availability was observed in the monitored markets this week. Said supplies were sourced from Malabon Fish Port, Navotas Fish Port, Lucena (Quezon), Palawan and Farmers (wholesale). Other local galunggong variants like "balsa" (<i>Decapterus macarellus</i>), "babae" (<i>Decapterus russelli</i>), and "burot" (<i>Decapterus kurroides</i>) were also noted in the majority of the monitored retail markets this week.</li> <li>Due to the sufficient availability of local-galunggong variants at the monitored retail markets, supplies of imported-frozen galunggong were still unavailable among the monitored retail markets this week. However, other imported-frozen commodities like galaunggong babae, pompano, salmon mackarel, salmon head &amp; belly, and pusit kalawang were noted in the monitored markets this week.</li> <li>For medium-sized alumahan (<i>Rastrelliger kanagurta</i>), sufficient availability was observed at the time of monitoring this week. In fact, majority of the monitored markets were reported with supplies of the commodity. The recorded prevailing retail price of medium-sized alumahan (<i>Rastrelliger kanagurta</i>) was Php200.00/kg &amp; Php260.00/kg. These supplies were mostly sourced from Navotas and Malabon Fish Ports.</li> <li>For medium-sized bangus (<i>Chanos chanos</i>), supplies remained sufficient for the consuming public. However, some markets like Tandang Sora, Trabajo, Quinta, Pasig market and others prefer selling larger bangus due to higher demand from consumers. Said supplies were dominantly sourced from Pangasinan and Bulacan.</li> <li>Lastly, for medium-sized tilapia (<i>Oreochromis niloticus</i>), steady supply from Batangas and Pampanga was also observed in the monitored markets this week. Nonetheless, there remains to have Php10-30/kg difference between sold live tilapia and fresh-chilled.</li> <li>Top fishery commodities in the eighteen (18) monitored retail markets are sourced mainly from the following areas: <ol style="list-style-type: none"> <li>Bangus – Pangasinan, Bulacan</li> <li>Tilapia - Batangas, Pampanga</li> </ol> </li> </ol> <p><b>Fluctuation in the prices of the top fifteen (15) and other commodities is influenced by a number of factors such as the commodity's size, quality, volume of supply, source area, as well as the weather condition and other natural phenomena.</b></p> <ol style="list-style-type: none"> <li><i>Chanos chanos</i> – Bangus (Small) – (Php 90.00-190/kg) - lowest prevailing price of Php90.00/kg were recorded at Navotas retail market 3,4,5 where supplies were sourced directly from Navotas Fish Port, hence, the lower price. Highest prevailing price of Php190.00/kg was noted at Polo Public Market where supplies recorded have higher unloading price, hence, the higher retail price.</li> <li><i>Scylla serrata</i> – Alimango (Male) – (Php440.00-1100.00/kg) lowest prevailing price of Php440.00/kg were recorded at Malabon Central Market, where supplies are not in good quality, hence, the lower price. Highest prevailing price of Php1100/kg was noted at Farmers Market where supplies recorded were in good quality, hence, the higher price.</li> <li><i>Scylla serrata</i> – Alimango (Female) - (Php850.00 – 1100.00/kg) – lowest and highest prevailing price of Php850.00/kg and Php1100.00/kg were recorded at Farmers market, where supplies differ in size and quality.</li> <li><i>Thunnus albacares</i> – Head (Php100.00 – 300.00/kg) - lowest prevailing price of Php100.00/kg were recorded at Malabon Central Market where supplies were sourced directly from nearby Fish Port (e.g., Malabon Fish Port), hence, the lower price. Highest prevailing price of Php300.00/kg was noted at Commonwealth Market where supplies are in premium quality, hence, the higher price.</li> <li><i>Glossogobius celebius</i> – Biya (Php200.00/kg – Php500.00/kg) – lowest prevailing price of Php200.00/kg at Malabon Central Market where supplies were sourced directly from nearby Fish Port (e.g., Malabon Fish Port), hence, the lower price. Highest prevailing price of Php500.00/kg was noted at Pasig Market where supplies are in premium quality, hence, the higher price.</li> <li><i>Pterocaesio chrysosona</i> – Dalagang Bukid Bilog– (Php 130.00-230.00/kg) - lowest and highest prevailing price of Php130.00/kg and Php230.00/kg were recorded at Navotas retail market 3,4,5 where price differ on the quality of supplies (fresh or supplies from previous market days).</li> </ol>
