Remarks/Market Observations:			<p>The following observations were gathered from market personnel and vendors this week:</p> <ol style="list-style-type: none"> Generally, a decrease in the availability of fresh marine commodities was observed in the monitored retail markets this week. Additionally, several stalls were reported closed in the Trabajo, Kamuning, and Galas Markets. This is likely due to unfavorable weather conditions affecting fishing operations throughout the country. However, adequate supplies of local fresh galunggong lalaki (<i>Decapterus macrosoma</i>) were still noted, sourced from various areas including Lucena, Farmers Market (wholesale), Malabon, and Navotas Fish Port. Availability of other galunggong variants (Galunggong babae, Balsa, and Burot) was also recorded. In relation, only Mega-Q, Balintawak, and Caloocan Markets displayed medium-sized imported frozen galunggong lalaki (<i>D. macrosoma</i>) this week. Supplies of large-sized galunggong lalaki were also noted at Quinta, Mega-Q, Caloocan, and Polo Markets. Adequate supplies of medium-sized alumahan (<i>Rastrelliger kanagurta</i>) were noted in the monitored markets this week. Additionally, the supply of large-sized alumahan remains evident, sourced from Malabon, Farmers, Navotas, and Lucena. For aquaculture commodities like bangus (<i>Chanos chanos</i>) and tilapia (<i>Oreochromis niloticus</i>), sufficient availability was maintained across all monitored retail markets this week. Despite this, fish vendors reported an increase in wholesale prices for these commodities. However, retail prices remained steady across all monitored markets. Vendors explained that they typically keep prices stable for bangus and tilapia to stay competitive with other commodities and ensure quick sales of their supplies. Major source areas of the top fishery commodities in the monitored markets are as follows: <ol style="list-style-type: none"> Retail <ol style="list-style-type: none"> Bangus - Bulacan Tilapia - Batangas Local Galunggong - Malabon Fish Port Imported Galunggong - Navotas Fish Port Alumahan - Malabon Fish Port 																													
<p>(-) - Price and Volume not available during price monitoring (-) - Price Not Available During Price Monitoring (*) - Actual Price - refers to the prices in the absence of the most frequently occurring value per fresh fishery commodity per sampling size at a given time.
