Remarks/Market Observations: The following observations were gathered from market personnel and vendors this week: 1. Overall, limited display of fresh marine commodities was noted among the monitored markets this week. Specifically, lesser availability of medium-sized local fresh galunggong lalaki (<i>Decapterus macrosoma</i>) was recorded at prevailing retail price of Php260.00/kg & Php320.00/kg sourced from Lucena, Malabon, Navotas and Farmers market (wholesale). As per interviewed fish vendors, this might be attributed to the inclement weather in the country brought by the Typhoon "Nika" affecting nearby regions (i.e., Cagayan Valley, Cordillera Administrative Region, Ilocos Region, Aurora, Nueva Ecija, CALABARZON, Camarines Norte, Camarines Sur, Catanduanes and Albay) supplying Metro Manila. 2. Relatively, some fish vendors are shifting on selling imported frozen galunggong lalaki (<i>D. macrosoma</i>) due to the high capital requirements for the local fresh variant. 3. Similarly, limited supply of alumahan (<i>Rastrelliger kanagurta</i>) was recorded this week. Despite this, available supplies of other variant (i.e., Hasa-hasa) was observed among the monitored markets. 4. In contrast, there was a sufficient supply of bangus and tilapia in the monitored markets this week. As a result, there were no major changes in the prices of these two commodities. 5. Major source areas of the top fishery commodities in the monitored markets are as follows: a. Retail a.1. Bangus - Bulacan a.2. Tilapia - Batangas a.3. Local Galunggong - Malabon Fish Port a.4. Imported Galunggong - Navotas Fish Port a.5. Alumahan - Malabon Fish Port																								
General Observations: Fluctuation in the prices of the top fifteen (15) and other commodities is influenced by a number of factors such as the commodity's size, quality, volume of supply, source area, as well as the weather condition and other natural phenomena. 1. <i>Scylla serrata</i> or Alimango - Male (Php 700.00/kg - Php 1200.00/kg) - The supplies sold at Php 700.00 per kilogram were observed at Marikina Public Market, where the commodity were smaller in size. In contrast, supplies sold at Php 1,200.00 per kilogram were observed at Pasig Market, with larger-sized of the commodity, hence the higher price.
